COMPLETE CANINE TRAINING

Overview

This document outlines the structure, objectives and general schedules for the Train the Trainer courses offered by Complete Canine Training. All programs are designed to meet or exceed current industry standards, ensuring that students are highly proficient, well-trained, and well-prepared for training canines in multiple disciplines.

All courses are held at the Complete Canine Training facility in Brighton, Colorado.

*10% Discount available for multiple student enrollment at the same time from the same agency.

Tracking Train the Trainer Course

6-Week Trainer Course to teach students how to properly train a tracking canine.

Course Goal: Prepare trainers to systematically train a tracking canine from foundation through advanced problem solving.

Pricing: $8,800 per student*

Upon successful completion of this course the trainer will be able to:

- Demonstrate a foundational understanding of canine learning theory and apply proper classical and operant conditioning techniques.
- Demonstrate an understanding of scent theory and environmental effects on tracking behavior
- Properly imprint K9s on Human odor
- Properly employ the Hydro-Intensified Tracking Training System
- Train a tracking K9 independently
- Be equipped with the skills to set up and conduct their own trainings upon their return.
